## **Policy Statement on Consultants**

1. The Association for Employee Ownership in Australia (AEOA) is a non profit association incorporated under the Associations Incorporation Act (NSW) in November 1987.
2. Membership of the Association is subject to the Association's Rules including approval by its Management Committee.
3. It is a policy of the Association to invite consultants in the field of employee ownership to become members of the Association.
4. The Association does not itself provide advice on a professional basis to individual firms.
5. It is the aim of the Association to provide advice to governments, unions, industry associations and the public generally on employee ownership matters.
6. The Association manages a register of its members who provide consulting services on employee ownership. The Association makes this register public to anyone who is seeking professional advice in relation to any aspect of employee ownership.
7. It is the policy of the Association not to favour any particular consultant organisation and it takes no responsibility for the services provided by members who are consultants.
